President@aahpo.org

Hospital exec or intro
MedicalSupplies@aahpo.org

Carry suitcase to Armenia
Volunteer@aahpo.org

It's a war, and we are all soldiers. Artsakh needs your help, and there are many ways to help. AAHPO is here to make sure your contributions reach those who are most in need.

Can you donate money? Funds are needed to pay for supplies and medicines, and to pay for their safe transport to Armenia. AAHPO will channel your funds to Armenia Fund, USA and designate 100% of the funds for medical and humanitarian needs: <https://aahpo.org/donate/>

Are you traveling to Armenia? We need travelers to Armenia to carry a suitcase full of much needed medical supplies. If you are willing to carry a suitcase to Armenia, AAHPO can provide the documents you need to clear customs: Volunteer@aahpo.org

Are you able to donate medical supplies or equipment? We must make sure the supplies and equipment match the needs in Armenia. AAHPO maintains a current list of what is needed, and can arrange transport for items you are donating: MedicalSupplies@aahpo.org

Are you a medical provider able to travel to Armenia? As a healthcare professional, your help is needed, but it may not be needed at this exact time. AAHPO wants to hear from you **before** you travel. Working with AMIC, we can match your medical specialty to the greatest need: Volunteer@aahpo.org

Are you a pharmaceutical executive, or can you introduce us to one? There is great need for lifesaving pharmaceuticals and AAHPO wants to communicate this to executives who can help. Perhaps you are that executive, or you know someone who can be this key contact: President@aahpo.org

Are you an executive in a hospital system, or can you introduce us to one? Hospital systems warehouse medical supplies that have been returned or have passed their expiration date. These supplies could be of critical importance to hospitals in Armenia: MedicalSupplies@aahpo.org

Now is the time to act. Please don't sit back and let others shoulder these burdens. If you can help, AAHPO will channel and empower your contributions to where they will do the most good.
